Message from All of US

**360°**  
of Infertility  
& beyond

**Dear Collogues,**

The EFRE has been established with the objective of promoting excellence & innovation of practice & research in the field of Reproductive medicine and embryology. We make sure that throughout our annual activities we cover the golden triangle of infertility

Namely andrology, embryology, and gynecology.

Our last year successful EFRE conference was a corner stone in our decision to expand our medical coverage horizon, so that this year will not only cover the IVF triangle, but we will be talking "infertility and beyond."

covering all aspects of infertility and related gynecological topics, we are proud to announce that we will be hosting **the top 12 worldwide medical institutes** in our 2022 EFRE conference.

They will not just be speakers, but the whole sessions will be orchestrated ( presented, headed and moderated ) by each country individually.

FOR THE FIRST TIME IN EGYPT the top medical gynecological institutes present simultaneously.

Thus we as founders and co-founders are excited that we could succeed in getting you dear collogues the "global knowledge at your hand "

In addition, the entire program is also designed to address both the educational and practical needs of reproductive specialists around the globe.

Therefore we would like to welcome you all ,members,trainees,collogues to our 2022 EFRE Conference. Presenting to you «**360°**» knowledge from around the world, covering all aspects of infertility and beyond.

We look forward to seeing you in the capital city of Egypt,Cairo,from June 12022 3- at the unique Hilton Heliopolis.

Looking forward to see you all ..

**On behalf of EFRE**

EFRE President

*Prof. Hassan El Maghraby*

Conference President

*Prof. Emad Khalifa*

Conference Vice President

*Prof. Moemen Kamel*

**International  
EFRE Conference**  
Conference Executive  
Board 2022

**360°**  
of Infertility  
& beyond

*Prof. Emad Khalifa*  
**President**

*Prof. Moemen Kamel*  
**Vice President**

*Dr. Ashraf Aboali*  
**General Secretary**

*Prof. Ahmed Nasr*

*Prof. Yasser ElKassar*  
**Treasurer**

**International  
EFRE Conference**

**360°**  
of Infertility  
& beyond

Why to participate in the **360° EFRE**  
conference

1) Main Topics to be covered

1. Details of stimulation protocols tips and case scenarios
2. PCOS, all what you need to know and do
3. Endometriosis; the whole story from the world experts
4. Laparoscopic techniques and skills
5. Hysteroscopic techniques and skills
6. Andrology from masters of ART
7. Embryology
8. Ultrasound of early pregnancy and beyond
9. Fetomaternal sessions
10. Contraception update

2) International institutes from:

- |           |            |            |                 |
|-----------|------------|------------|-----------------|
| 1. USA    | 2. UK      | 3. Germany | 4. ITALY        |
| 5. Greece | 6. Belgium | 7. Canada  | 8. South Africa |

*Global Medical Knowledge at your hand*

**EACCME**

3) Accreditation

Accreditation by the EACCME therefore means that the CME/CPD activity provided is of high scientific value, is free of commercial bias and promotes active adult learning.

By attending an EFRE 2022, you will be able to obtain European CME credits (ECMEC) which are recognized not only in a majority of European countries (with which the EACCME has signed agreements), but also in the USA and Canada. By handing in their EACCME certificate to their National Accreditation Authority, their credits will automatically be recognized and converted into national credits.
